Downtown Rejuvenation To Be Workshop Topic

To suggest ways cities may improve their central business districts, the Mississippi Retail Merchants Association and the Mississippi Municipal Association will co-sponsor a one-day workshop on "Downtown Rejuvenation."

The workshop will be held Wednesday, April 8, in the Olympic Room of the Hoidelberg Hotel in Jackson.

President of the Retail Merchants Association John McPherson of Indianapolis said, "The primary purpose of the workshop is to prevent further deterioration, promote parking facilities, and make improvements to enhance growth of downtown areas."

In planning the workshop it was pointed out that each city must be motivated from within. Max Andrews, City Councilman of Columbus, who will speak on "Self Help—A priority need" said, "Because self motivation is so essential, it is most important that mayors, chamber of commerce executives, property owners, bankers, aldermen, and city planners all plan to attend this workshop."

The workshop will give special attention to problems such as access, circulation and parking.

Members of the Bay St. Louis Operation Upturn staff included in addition to Mr. Reightler, are George L. Seuzaneau, Jr., John L. Genin, and John E. Schott.

Interested organizations and groups are invited to make their interest known for similar presentations to their particular group. Individual citizens may obtain complete details of the programs by visiting Operation Upturn headquarters, Webb Community Center, 300 Third Street, Bay St. Louis, or by calling 467-5426.

ing in central business districts, central business district beautification, economic highlights in Mississippi, downtown promotion and public relations.

Keynote speaker for the workshop will be George McLean, Editor and Publisher of the "Tupelo Daily Journal."

During the afternoon session Leo K. Crapo, 1st Vice President of MRMA, Biloxi, will serve as moderator of a panel discussion. The panel will consist of representatives from Housing & Urban Development (HUD), Mississippi Research & Development Center, Thomas Seabrook & Associates of Memphis, and several other distinguished individuals with related experience.

The panel will answer questions from the audience as well as cite examples where positive programs have been implemented with favorable results.

A copy of the printed program with registration form will be mailed to association members. A copy of the program is also available to non-members on request to Mississippi Retail Merchants Association, 504 First Federal Building, Jackson.

Registration will begin at 9 a.m. with a registration fee of \$7 per person which includes the luncheon. All interested persons are invited and urged to attend.

GARDEN CLUB

Bay-Waveland Garden Club board will meet at 2 p.m., April 6 in the Main Street home of Mrs. Dan M. Russell Jr.

Waveland Legion Receives Charter

On Wednesday evening, March 25, the newest American Legion Post in Mississippi joined the chain of 10 posts throughout the nation when American Legion Post No. 77, at Waveland received its Charter.

The Charter was presented by Department Commander Hugh A. Broome and received by the Post by Vice-Commander Ed Cruden. The Vice-Commander acted for hospitalized Commander Claude Tracey.

The new members of the Legion were initiated by Executive Committee member Tommy Mills and the new officers were charged by Department Commander Broome.

An American Flag was presented to the Post by Lee Fernal in memory of Walter H. Bourgeois. The flag was the contribution of Mrs. Bourgeois who was unable to attend.

Gulfview School Has Vandalism

Deputy Sheriffs Alton Lumpkin and Terry Holmes were called to Gulfview School Thursday by Principal Oren Seal for investigation of vandalism at the school.

Two large outside air conditioners of the central cooling type and valued at approximately \$2,000.00 suffered severe damage from vandals. Coil lines had been broken and other parts of the cooling system had been destroyed but the motors had not been touched.

Knife throwing at a door of the government trailer used by the school caused considerable damage and some other damage had been done.

Seven boys who are students of the school admitted the knife throwing at the trailer door but investigation as for has not come up with the vandals who damaged the air conditioners. No charges have been filed to date as the officers are of the opinion that further investigation will implicate other subjects.

MRS. SIDONIA POURSIINE, seated right, was one of the first two Waveland residents to receive CAP home improvement grants Monday night. Making the presentation are Mayor Garfield Ladner, seated left, and City Aldermen (standing from left) A. N. Grass, H. L. Yarbrough, Dominick Sonier, John Longo, Jr., and Town Clerk C. O. Dufour.

Woman Found After Night Search

Mrs. Nancy Dossett, 84, of the Catahoula neighborhood disappeared from her home late Friday afternoon and was not found until just after daylight Saturday morning. About six o'clock a neighbor went to the Dossett home to check on Mrs. Dossett who lives alone and found that she had prepared her evening meal after being brought home from a day's visit with friends. The untouched meal was there but Mrs. Dossett was missing.

A search of the immediate

area was instituted by relatives and neighbors which broadened out over nearly a section of land mostly in brush and timber but the octogenarian was not found.

After three hours of fruitless searching a call for aid was sent which was responded to by Sheriff Fred Curet and Civil Defense Director Lucien Kidd with a number of sheriff's deputies and civil defense workers.

With some 65 people now in the search but to no avail Kidd contacted Capt. Emile Piazza, Squad Commander of the Civil Air Patrol, asking for a search plane to be sent out at daylight.

At daylight Piazza took off leaving CAP Lieut. Wylie Heath with a standby plane for use in the search if needed. He was airborne only a few minutes when informed by radio that the ground searchers had located Mrs. Dossett who was in a satisfactory condition but very tired.

Relatives and friends of Mrs. Dossett wish to thank the Sheriff's office, Civil Defense, Civil Air Patrol and all others who aided in the search.

GENERAL MEETING

Our Lady of the Gulf will hold a general Parish meeting at 7:30 p.m., Sunday, April 7, in O.L.G. School cafeteria.

All parishioners are urged to attend.

Monday, March 30, two Waveland home owners were the first Hancock County recipients of home improvement grants from the newly opened Certified Area Program office.

Mayor Garfield Ladner presented official notification of the grants to Mrs. Sidonia Poursine of 609 St. Joseph St., and Mr. and Mrs. Julius Thomas of 218 Tabor St., during a Board meeting in Town Hall.

CAP Administrator Hubert Hughes last week approved a grant of \$2875.00 for Mrs. Poursine, 80-year-old widow who has been a life-long resident of Waveland. A grant in the amount of \$3396.00 was awarded to Julius and Eloise Thomas for improvements to their home in Tabor Street. The Thomases have two children and are also natives of the Waveland area.

"I am especially happy to make these presentations," Mayor Ladner stated at the meeting, "because it indicates a turning point in the town's development. These are only the first of many more grants and loans to be awarded. The people of Waveland have pride in their community and the help we're receiving from Operation Upturn not only aids progress toward rebuilding the town but will encourage each citizen to help make his town a better place in which to live."

Operation Upturn is the name given to the combined HUD programs for community renewal. Under the Certified Area Program, a home owner may receive a home improvement loan or grant, a combination of both depending upon his qualifications. The program does not allow for new construction of homes (such as those totally destroyed by hurricane Camille) but will finance the restoration of the structure. The objective of the CAP is to bring every residence in the community up to the Southern Standard Housing Code requirements in order to provide better quality living conditions for the townpeople.

Program Administrator Hughes said there are several more loan and grant applications to be approved within the next few weeks.

OLG APOSTOLATE

Our Lady of the Gulf Lay Apostolate will meet at 2 p.m., today in the school cafeteria. All members are asked to attend.

GUEST SPEAKER

Mrs. J. J. Wallace of Pass Christian, will be guest speaker at Bay-Waveland Garden Club's meeting at 2 p.m., Thursday, April 9, at First Baptist Church Fellowship Hall.

AP Officials Meet Clergy

Port E. Reightler, Project Director, Operation Upturn in Bay St. Louis, and five of his staff met Tuesday with the Hancock County Clergy of the several churches in this area.

The primary purpose of the meeting was to explain in detail the program activities and obtain assistance from the churches in the Certified Area Program. The program is now being carried out in several cities along the coast. The interim assistance program (IAP) and the Certified Area Program (CAP) are components of Operation Upturn, functions as a specialized unit under the office of Mayor Dan Carver. Under these programs, federal assistance is made available in Bay St. Louis.

Clean up public ways

Collect refuse (garbage) and bulky junk such as appliances, furniture, and other items for removal and disposal as part of an area-wide cleanup program.

Repair streets, sidewalks, playgrounds, public utilities, and public buildings to meet needs consistent with the short-term construction of the area or areas in the undertaking of operation.

Establish temporary playgrounds on vacant or cleared lots within the area.

Demolish structures deemed to be structurally unsafe for human habitation and which constitute a nuisance and serious hazard to public health and safety.

1970 Census Survey Underway

Householders will not have any difficulty identifying enumerators for the 1970 Census of Population and Housing, District Manager Richard S. Thompson pointed out today. Enumerators, or census takers (most of whom are women), started making their rounds in the area on April 1 and are expected to complete their work in three to five weeks.

Each census taker will wear a red, white, and blue identification card. This card bears the seal of the Department of Commerce, and the "Census Enumerator" Official Credential" are printed across its face. It bears the census taker's signature and certifies that she is authorized to perform the duties of a census enumerator and has sworn to keep confidential all census information you provide.

Persons purporting to be census takers who do not have this identification card should be reported immediately to the local police or to the census district office, which is located at 641 Main Street, Hattiesburg, Mississippi.

Census takers will be further identified by the portfolio containing their supplies. The portfolio is blue and bears the legend, "1970 Census." In the portfolio, the census taker carries her supplies of report forms, maps, pencils, and other tools necessary for her work.

COUNCIL TO MEET

Our Lady of the Gulf Parish Council will meet at 7:30 to night in O.L.G. School cafeteria. Parishioners are invited and urged to attend.

Father Bowman Is Re-Elected At Divine Word

Father John Walker Bowman, S.V.D., has been re-elected provincial superior of the Divine Word Missionaries Southern Province in the United States. Father Bowman succeeded Bishop Harold R. Perry, Auxiliary Bishop of New Orleans, in November of 1965. Father Bowman will serve another three years as the Provincial of the Southern Province.

Now Father Bowman's care embraces 70 priests and brothers working in one minor seminary and a novitiate in Bay St. Louis; one high school in Lafayette; and 32 parishes and ten missions scattered through Louisiana, Mississippi, Arkansas, and Texas.

This year marks the 50th year that the Divine Word Missionaries have been actively engaged in the Southern United States. The jubilee celebration will be marked by an open house at Divine Word Seminary in Bay St. Louis, Mississippi, on April 20, 1970.

A MOTORCYCLE, owned by Martin L. Bowman, Baton Rouge, Louisiana, was headed west on Highway 90, when Agent L. Moran, Bay St. Louis, driving a 1968 Buick Chevrolet attempted to turn north on Second Street, and went into the path of the motorcycle which was unable to stop in time to avoid the accident according to police reports. The driver of the motorcycle was injured and taken to a hospital. The driver of the Buick was not injured. The accident occurred at 12:40 p.m. Friday, was investigated by Bay St. Louis Police Officer Eric Nemes and Alvin Parvo.

The church's net worth is \$0.

During his pastorate, Henson has installed a new Memorial Service building, and a central heating system has just been installed in the sanctuary. He has also made improvements in the church's physical plant, and many plans are laid for the future of the church.

Henson was introduced to the church by the Rev. Dr. J. L. Henson, Jr., and the Rev. Dr. J. L. Henson, Jr. He was born in Waveland, Miss., and is a graduate of the University of Mississippi. He is a member of the Southern Baptist Convention.

RUTH GUILD is busy making plans for the Annual Silver Tea sponsored by the Women of Christ Episcopal Church. It is to be held at the Church Rectory, 912 S. Beach, Wednesday, April 8th, 3 to 6 p.m. Everyone is welcome.

Church Ladies To Continue Annual Tea

The annual Silver Tea given by the Women of Christ Episcopal Church, will be held on Wednesday, April 8th. It will be from 3 to 6 p.m. at the church rectory, 912 S. Beach, Bay St. Louis.

Traditionally the tea had been held at the N.L. Carter home for the past 15 years. However, due to Hurricane Camille this lovely home, along with so many others, was destroyed. Fortunately, even though the church rectory suffered major damage, renovation has been completed in time for the tea to be held there.

In the past, personal invitations to the tea were sent, but since the loss of the church address file, the women wish at this time to extend a warm invitation to each and every person. They hope to welcome many friends, old and new.

Of special interest, will be the architectural drawings of the new Episcopal Church on display at the tea. These drawings represent the hopes and plans of the church, and have become possible only through the generous concern and help of so many.

Parents And 4-H A Family Affair

"The 4-H Club is one of the largest youth organizations in America and we have about 100,000 members in Mississippi," declares William O. Goodwin, Hancock County Assistant County Agent.

"However, said Goodwin, the 4-Clubs would be hampered in their work if it were not for parental support which really makes it a family affair.

"Parents in many instances act as leaders who volunteer their time and serve without pay as counselors for the club. Parents also serve as planners for 4-H or at home and in collecting the project to work in. Parents give encouragement and guidance but do not do the work for the member.

"Keeping informed about 4-H programs and seeing that their children may attend Club meetings regularly is another activity for parents in addition

to keeping up with the Club's progress in the county. They should also challenge their children to live up to the 4-H Club motto which is 'To Make The Best Better.'

"An organization program for 4-H has begun in Hancock County and the County Extension Office has scheduled a meeting at Gulfview School, Monday evening, April 6, beginning at seven o'clock and another meeting at Charles B. Murphy School beginning at seven o'clock, Tuesday evening, April 7.

"The purpose of these meetings is to acquaint parents and youth with the 4-H Club. Anyone, youth or adult is invited to attend. The program will be presented in other areas of the county at later dates.

"Further information if wanted can be obtained at the County Agent's office in Bay St. Louis, telephone 467-4631.
